Valeria Ignatieva, [Events Lead at Females in IT & Telecommunications \(FITT\)](#)

BIO

Technology Futurist Shara Evans is a globally acknowledged Keynote Speaker and widely regarded as one of the world's Top Female Futurists. Highly sought after and in demand by conference producers and media, Shara provides the latest insights and thought provoking ideas on a broad spectrum of issues.

Regardless of your Industry, Shara's keynote speeches bring together the latest technology innovations and cutting-edge research projects, tying them into strategic insights specifically for your business.

Shara is also a regular media commentator on technology issues — appearing on shows such as Weekend Sunrise, Sky News, The Drum, Lateline, 7:30 and is regularly quoted in publications such as the Financial Review, The Age, Sydney Morning Herald, The Australian and many others.

- ▶ **Shara's latest research is the Future Tech series** — based on ongoing interviews with thought leaders in research labs, vendor labs, telcos, futurists and others — covering a very wide range of topics, such as: new form factors for phones and devices, wearables, implantables, sensors, wireless technologies, holograms, augmented reality, virtual reality, 3D printing, home automation, the Internet of Things, robotics, drones, cars of the future, artificial intelligence, security, privacy, cloud services, and the next wave of innovation.
- ▶ **Shara Evans is also the Founder and CEO of Market Clarity**, an award-winning technology analyst firm that provides insight, intelligence and advice on all aspects of the telecom and emerging technologies markets, as well as the Founder of Telsyte (which she sold to publicly listed UXC), and has been providing innovative research and strategic consulting on telecoms and technology throughout her successful career.

Shara has a long history of working with top scientific research organisations. She was a member of the CeNTIE (CSIRO Centre for Networking Technologies for the Information Economy), Advisory Board from 2002 – 2007, as well as being an Advisor to the Director of the Networking Technologies Laboratory within CSIRO's ICT Centre. Most recently she served as a member of the Expert Review Panel for the Australian Centre for Broadband Innovation (ACBI), a collaborative research initiative by the CSIRO in partnership with NICTA, with foundation funding provided by the NSW Government.

Shara helps her clients understand new product and service opportunities that are being underpinned by emerging technologies. Frequently working with executive, strategy and product teams, Shara gets organisations to think outside the box of what's available today to imagine the world in 10 - 20 years, and assists them in commercialising these concepts into innovative new products and services.

Shara prides herself on taking the time to work with you and your team to tailor her presentations to address the issues directly relevant to your company and industry.

INTRO

I'm delighted to introduce our keynote speaker Shara Evans. Shara is a Technologist, Futurist + Keynote Speaker. **She is recognised as one of the world's top female futurists, fusing her engineering background with an intuitive understanding of how society is likely to respond to new technologies.** She's also the Founder and CEO of Market Clarity, an award-winning technology analyst firm, and a regular media commentator on technology issues.

Shara helps her clients understand new product and service opportunities, as well as threats that are being underpinned by emerging technologies. **Shara is passionate about helping organisations think outside the box** of what's available today to imagine the world in 5 or 10 years, and commercialise these concepts into innovative new products and services.

Please join me in giving a warm welcome to Shara!

AV REQUIREMENTS

Shara presents from her MacBook Pro or MacBook Air Laptop and all presentations are in a Powerpoint 16:9 format compatible for widescreen viewing. Shara's presentations also contain embedded videos. Screen, data projector and sound are all to be provided by client/venue.

Shara requires:

- A headset (preferred) or lapel mic
- Remote clicker
- Timer - viewable from the stage
- A foldback screen (stage display) - so Shara can view her slides from the stage

An AV test will be required well in advance of Shara going on stage to ensure everything is set up correctly. Please contact to Shara and her team to book in a time in advance.

Shara also requires a bottle of water be available/nearby when she is onstage.

If Shara is conducting a workshop a whiteboard, flip chart, markers and other materials may be required.

If you have any questions, please ensure your AV team contacts Shara and her team in advance.

THANK YOU!
